Introduction	7
Welcome	
Understanding difficulty	
How to use this book	
Passing a challenge	
A note on algorithms	
A note on AI	
When to email me	
About this book	
Foundations	20
Arrays	
Sets	
Dictionaries	
Stacks, queues, and deques	
Trees and binary trees	
Linked lists	
Strings	
Allocating memory	
Introduction to Big O notation	
Big O notation in practice	
A mathematics primer for developers	
How to ace coding interview challenges	
Practice challenge 1: Sum an array of numbers	
Practice challenge 2: Count the characters	
Practice challenge 3: Sort a string array by length	
Practice challenge 4: Do two strings contain the same characters?	
Practice challenge 5: Find n smallest	
Practice challenge 6: Traversing the tree	
Fun	88
Fizz Buzz	
Are the letters unique?	
Are the letter occurrences unique?	
Needles in a haystack	
Is a string a palindrome?	
Removing duplicate letters	

Matching anagrams
Count the numbers
Condense whitespace
Finding pangrams
Functions from functions
Sorting by frequency
Square roots
Matching socks
In-place reversal
Sentences by numbers
Find longest prefix
Finding the majority value
Goldilocks searching
Rate-limited logging
Sum of two numbers
Find the longest streak
Highest of lowest
Rotating strings
Running sum
Zebra-striped strings
Missing numbers
nth line
Continuous moving average
Word squares
Linked list middle
Fibonacci numbers
Climbing the stairs
Binary reverse
Counting binary ones

Tricky

202

Implement a deque
Clock hands
Reversing digits
Customer counter
Numbers in a string
Recreate map()
Three different letters
Counting pairs
Most frequent values
Overlapping timetables
Run-length encoding
Grouping children
Grouping children II

Binary adding
Separating fruit
Numbers in a row
Longest non-repeating substring
Longest bounded substring
Insertion sort
Find the primes
Highest odd number
Nested sequences
Semantic versions
Tic-Tac-Toe winner
Count the largest range
Happy numbers
Bubble sort
Balanced brackets
Pascal's triangle
Reversing a linked list

Taxing

322

Subtract without subtract
Hotel rooms
Shape perimeter
Vowel combinations
Roman numerals
Nested sequences II
Counting squares
Alphabetical numbers
Stock trading
Tic-Tac-Toe game
Valid sudoku
Longest palindromic substring
Reactive chemicals
Exceptional products
Minimum steps to empty
Quicksort
Parenthesis combinations
Linked lists with a loop
Find the duplicate number
Flood fill

Mayhem

423

Spicy cooking
Shortest palindrome

Longest bifix
Next ascending permutation
Skyscrapers
Maximum stack
Word sums
Integer to English
Flipping coins
nth digit
N queens
Globbing
Balanced binary search trees
Signal interference
Median of two arrays

Appendix: Be the Compiler **524**

Afterword **588**
